

Overview

Ranked among the leading Corporate and M&A advisors in the Netherlands, we have years of experience in providing sophisticated strategic thinking and technical advice to our clients.

Our experience allows us to deal with transactions of any type or complexity, national or international. We advise on a wide range of complex and demanding corporate work including:

- Mergers, acquisitions and disposals of privately owned companies
- Public company acquisitions
- Strategic alliances and joint ventures
- Equity investments
- Corporate governance and control

Our dedicated team of lawyers provide you with local know-how together with a cross-cultural perspective.

Our clients include leading industrial, service and financial organizations and private equity funds. We represent global financial institutions operating as financial advisers and European and domestic regulators. We also do compliance work for Euronext-listed, publicly listed and Fortune 500 companies.
